

**Ontario Chamber of Commerce
October Business of the Month
Benchmark Hydraulics Technology
5708 Walworth Road**

Owner of Benchmark Hydraulics Technology, LLC, a life long resident of Ontario, Richard A. Bebernitz, provided custom harvesting of peas and sweet corn for Seneca Foods for many years. When Seneca Foods no longer needed their services, Richard and his son Mike decided to take advantage of their life experience and knowledge of hydraulics, plus some specific training in sealing technology to open their own business. Benchmark Hydraulics Technology, LLC was opened January 1, 1998, which gave the area a much needed hydraulic repair facility. A hydraulic test stand, powered by a 250 horsepower John Deere diesel engine was built, enabling them to test what they repair.

Benchmark Hydraulics Technology provides repairs for most US made brands and some foreign made hydraulic components, such as cylinders, pumps, motors, valves, and hydrostatic transmissions.

Another difficult to locate service also provided by Benchmark is the repair or complete fabrication of steel-hose combination hydraulic lines. Benchmark can make steel or stainless steel lines up to 1 ¼ inches OD.

Benchmark not only has cylinders, valves, motors, etc. in stock, but also a huge supply of steel hydraulic adapters. Benchmark also stocks Love Joy couplers and many other items used in the hydraulic world.

Benchmark, along with in house service, ships hydraulic components through out the USA on a daily basis and has three full time and one part time employee. Benchmark Hydraulics Technology can be found on the web at <http://www.benchmarkhydraulics.com>.
